

*Changing the lives of babies, young children & their families*

September 22, 2017

*Such wonderful  
support -  
thank you!*

Mr. Gary Carpenter  
The Williamsburg Bird Club  
6640 Rexford Lane  
Williamsburg, VA 23188-7267

Dear Mr. Carpenter,

For those children who cannot tell you thanks, and for the children who are unaware of your generosity, thank you so very much for your donation of bird seed and suet, celebrating the Williamsburg Bird Club's 40th anniversary. Your generous gift is very much appreciated; the children especially enjoy watching birds at the feeders!

CDR's highly trained professionals serve over 1,200 babies and toddlers and their families each year--babies with disabilities and developmental delays and babies living with multiple social and economic risk factors--at the most decisive time in their brain development. CDR helps families with very young children cope with the diverse challenges they face.

CDR's every effort is based on one goal: that all children, no matter what their challenges, reach their full potential. Your support turns into love and a brighter future for children in your world. Thanks again!

Sincerely,

Mary Jean Hurst  
Director of Development
